Limited Lifetime Warranty

All products must be inspected immediately upon receipt for any physical damage, missing boxes or components. Any visible damage to the goods or missing packages must be noted to the carrier and marked on the bill of lading. These claims must be submitted within 14 days of receipt.

What This Warranty Covers: Landon & Co warrants its products to be free from substantial defects in materials and workmanship from the original date of purchase under normal home use. This warranty is offered only to the original consumer purchaser and may not be transferred. Landon & Co is only responsible for the actual purchase price.

How Long the Warranty Lasts: Coverage for all wall cabinets, base cabinets, pantry cabinets, door fronts, drawer fronts, shelves, cover panels, fillers, mouldings, hinges, drawer parts (rails and soft-close mechanisms), adjustable feet and storage accessories are warranted to the original purchaser for as long as they own their home. This warranty is not transferable.

What Landon & Co Will do Under the Warranty: During the warranty period, Landon & Co at its discretion, will repair or replace any part or product that proves to have substantial defects in materials or workmanship, or Landon & Co will provide an equivalent replacement product. Landon & Co reserves the right to change specifications in design and materials without notice and with no obligation to replace products that were previously manufactured.

Implied Warranties: Landon & Co disclaims any implied warranty of merchantability, and there are no warranties that extend beyond the descriptions on the face hereof.

Aging, Manufacturing, Natural Characteristics and Appearing in Printed Materials: Because of the varying natural characteristics of wood and the effects of ageing, product shown in displays and/or printed materials (such as product photos printed in brochures, flyers, catalogues, etc.) will not be an exact match to the cabinetry you will receive. Depending on the wood grain characteristics, the age of a sample and the environment of the retail showroom, samples will show some degree of variation from a new product. In addition, you should not expect all doors, drawer fronts, cover panels, trim or moulding to match exactly in either finish or grain. Variation in wood grain is normal and unavoidable. In addition, it is not possible to exactly match our colors in printed materials. Therefore, you should view the actual samples when making your color selection.
